INSTALLATION INSTRUCTIONS

FOR CHANDEL-AIR

Meyda
CUSTOM LIGHTING

CAUTION: FAILURE TO INSTALL THIS FIXTURE PROPERLY MAY RESULT IN SERIOUS PERSONAL INJURY OR DEATH AND PROPERTY DAMAGE. We recommend installation by a licensed electrician.

This product must be installed in accordance with applicable installation code(s), by a person familiar with the construction and operation of the product and the hazards involved.*

Caution: Do not exceed maximum wattage noted on fixture. Use only recommended bulbs with fixture.

FIXTURE COMPONENTS

1. CANOPY ASSEMBLY
2. DOWN ROD
3. CHANDEL-AIR BODY

Caution:

Fixture is OVERWEIGHT and not suitable for installation with standard Junction Box. Be sure power is off at the main breaker box prior to installation. Read all instructions in their entirety before beginning installation.

1. Carefully unpack all components and make certain that everything is accounted for.
2. Using Customer Supplied Hardware, affix Mounting Saddle to blocking in ceiling ensuring that connection is suitable to hold minimum of 150lbs and that Electrical Supply Wires remain accessible.
3. Unravel Fixture Lead Wires from top of Chandel-Air Body and feed through Down Rod.
4. Attach Down Rod Plate to top of Chandel-Air Body and secure with Hex and Acorn Nuts.
5. Feed Lead Wires through Canopy Cover Plate and Canopy and carefully slide them down Rod and allow them to rest on top of Chandel-Air Body.
6. Feed Lead Wires through Steel Half Ball and slide Half Ball onto Down Rod.
7. Feed Spring Pin through holes at top of Down Rod.
8. Slide Half Ball up Rod and allow Spring Pin to snap into Half Ball Channel.
9. Lift Fixture up to ceiling and seat Steel Half Ball into Mounting Saddle.
10. Following all Local Codes and Procedures, make electrical connections from Fixture Lead Wires to Supply Wires.
11. Carefully slide Canopy and Cover Plate up Rod and secure to Mounting Plate Studs using Canopy Hardware.
12. Install Bulbs(not included) into Sockets.
13. Power on and ENJOY!!!

This Chandel-Air features 3 layers of light with a fan control

Mounts to building.
Hardware by others, per local code

- Please let your electrician know that they will need to have the proper number of circuits installed in junction box for this installation.

- All features are dimmable and wired separately for independent control of each circuit if desired.

TASK LIGHTING

Downlights illuminate areas for performing tasks.
MR16 Bulbs (Item #163533)

AMBIENT LIGHTING

Uplights accentuate your ceiling and fill the room with comfortable ambient illumination.
MR16 Bulbs (Item #163533)

DECORATIVE LIGHTING

Inner Lights create a beautiful decorative effect.
A19 Bulbs (Item #202373)

- Light Bulbs are not included, but are available from Meyda or most home stores. We recommend a high quality light bulb with a compatible dimmer. Specify on the order.

INTEGRATED LED SPOTLIGHT

To illuminate statues, artwork, and trophy animals.

INTEGRATED FAN

For efficient air circulation. Controlled individually with remote.

Let us know your dimming controls. Not all wall dimmers are compatible with all LEDs.
We can offer consultation on this if needed.
