- 6.) Shade assembly: This is a minimum four person job. Bring your two halves together. Place one of the two seams to be connected, on the floor. With three people holding the two pieces together, fourth person will secure them together with nuts and bolts. (Fig. 3&5) Once together carefully rotate shade to the other seam to be secured. Do not let the weight of the shade rest on the center tabs. Secure other seam with nuts and bolts. (Fig. 5&6) Your three people may need to flex or shimmy the shade pieces to accommodate the bolts. **SPECIAL NOTE:** During shipping mica & acrylic panels may have shifted, you will want to move them back into place so that you have no gaps of light. (Fig. 4)
- 7.) Attach your shade arms last with nuts and bolts. (Fig. 6)
- 8.) Raise your shade to your canopy hooks, and hook the arms that are pointing up from shade. (Fig. 7)
- 9.) Place center diffuser sideways through center opening. Let it rest on center tabs.
