

INSTALLATION INSTRUCTIONS

FOR ITEM 269160 AUSTIN 3 LIGHT WALL SCNCE

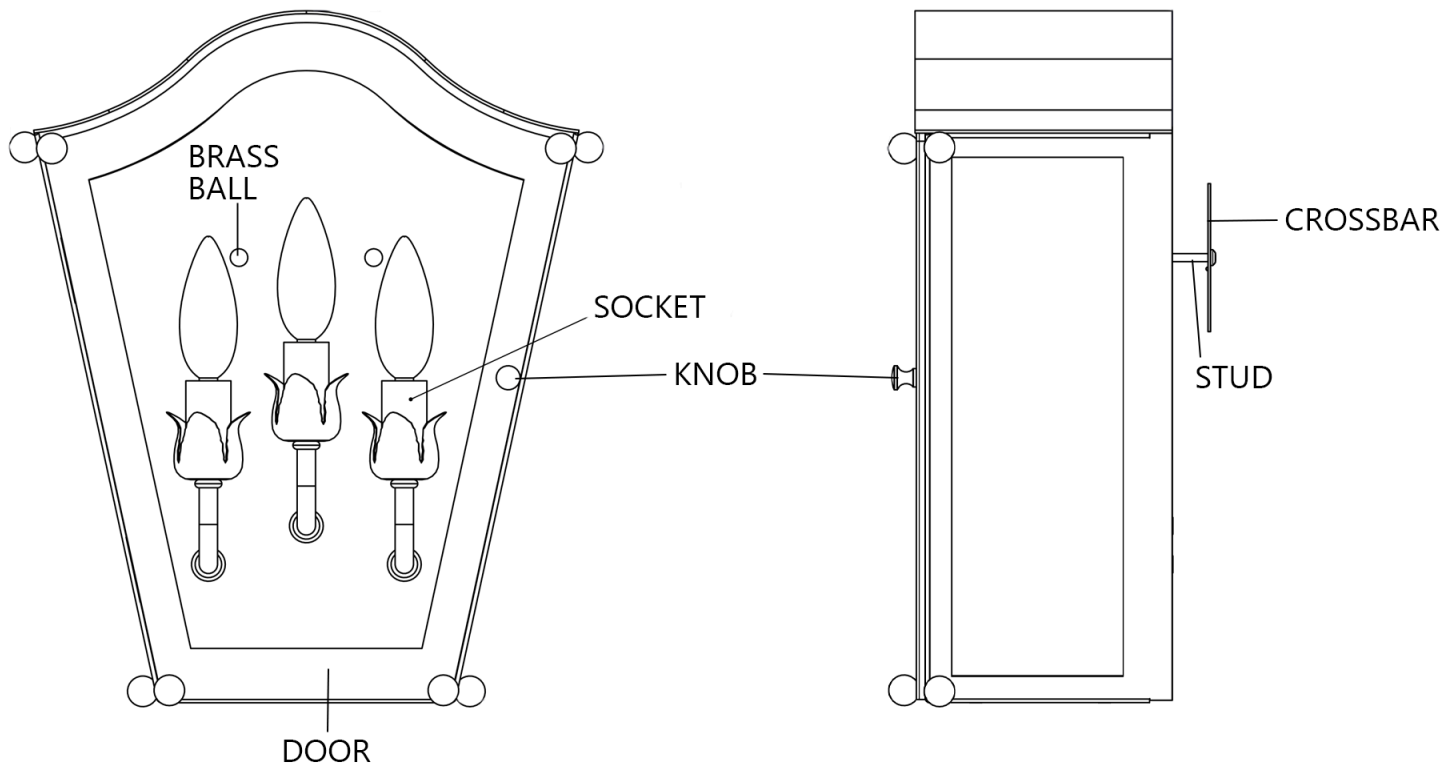

CAUTION: FAILURE TO INSTALL THIS FIXTURE PROPERLY MAY RESULT IN SERIOUS PERSONAL INJURY OR DEATH AND PROPERTY DAMAGE. We recommend installation by a licensed electrician. This product must be installed in accordance with applicable installation code(s), by a person familiar with the construction and operation of the product and the hazards involved.*

Caution: Do not exceed maximum wattage noted on fixture. Use only recommended bulbs with fixture.

Caution:

***Be sure power is off at the main breaker box prior to installation.
Read all instructions in their entirety before beginning installation.***

1. Carefully unpack all components and make certain that everything is accounted for.
2. Remove Knob from face of Sconce and open Door.
- 3 Remove Brass Balls from inside of Sconce to release Crossbar with Studs.
4. Affix Crossbar to Junction Box ensuring the connection is suitable to hold a minimum of 5lbs and that Electrical Supply Wires remain accessible.
5. Following All Local Codes and Procedures, make connection from Supply Wires to Lead Wires.
6. Slide Sconce onto Crossbar Studs and secure with Brass Balls.
7. Slide Candle Covers onto Sockets.
8. Install 3-E12 40Watt Bulbs(not included) into Sockets.
9. Close Door and secure with Knob.
10. Power on and ENJOY!!!

2nd Ave.
LIGHTING

How to Care for Lighting and Decor

- Before cleaning any lamp shade or fixture, disconnect the power source (unplug from outlets)
 - To clean products made of opaque stained glass, art glass or jadestone, as well as most metal lamp bases and fixture frames, apply a lemon oil-based furniture polish to a soft cloth, and wipe gently.
 - To clean shades made of mica or fabric, or painted shades, wipe gently with a soft, dry cloth or a feather duster.
 - To clean products made of beveled or transparent glass, apply a household glass cleaner, and wipe gently.
- For fixtures hanging near cooking areas in kitchens, that may have heavy layers of greasy buildup or dirt, we have found Mr. Clean Top Job® works best for cleaning. Apply the cleaner to a soft cloth, and wipe gently. After cleaning, reapply lemon-oil based furniture polish to the shade for best results.
- To clean Lithophane porcelain lamps, apply soft cloth with warm soapy water. If stain exists on non-colored area, you can apply scouring powder. Clean and dry with soft cloth, like a fine piece of China. CAUTION: Hold lamp securely when cleaning because liquid makes porcelain slippery.
