

# INSTALLATION INSTRUCTIONS

FOR ITEM 27447 Fan Light Hardware

*Meyda*  
CUSTOM LIGHTING

**CAUTION: FAILURE TO INSTALL THIS FIXTURE PROPERLY MAY RESULT IN SERIOUS PERSONAL INJURY OR DEATH AND PROPERTY DAMAGE.** We recommend installation by a licensed electrician. This product must be installed in accordance with applicable installation code(s), by a person familiar with the construction and operation of the product and the hazards involved.\*

**Caution:** Do not exceed maximum wattage noted on fixture. Use only recommended bulbs with fixture.

## **Caution:**

***Be sure power is off at the main breaker box prior to installation.  
Read all instructions in their entirety before beginning installation.***

***Verify Compatibility and Prepare the Ceiling Fan***

***Before installing the fan light kit, review the instruction manual for your specific ceiling fan model to confirm that it is designed to accept an optional light kit. Follow all preparation steps outlined in your fan's manual to properly configure the fan for light kit installation. This may include removing the fan's bottom cap, connecting designated wiring, or other model-specific procedures. Failure to follow the manufacturer's fan instructions may result in improper installation or void the product warranty.***

1. Carefully unpack all components and make certain that everything is accounted for.
2. Remove Nuts from Canopy to release Crossbar.
3. Remove Hex Nut from inside Canopy to separate Canopy from Lighting Fixture. Reserve Nut.
4. Attach Fan Hub Plate to top of Lighting Fixture and secure with reserved Nut.
5. Following All Local Codes and Procedures, make connection from Fan Light Wires to Lighting Fixture Lead Wires.
6. Attach Lighting Fixture to Fan following Fan manufacturer's instructions.
7. Determine the correct Threaded Rod for your Shade and attach it to the Coupling on the bottom of the Lighting Fixture.
8. Install 3-E12 60Watt Bulbs(not included) into Sockets.
9. Slide Shade onto Threaded Rod ensuring that the Lighting Fixture Pull Chain is fed through the center hole of Shade and Fan Pull Chain is fed through alternate Vase Cape Hole.
10. Secure Shade by threading Barrel Finial onto exposed Threaded Rod at bottom of Shade.
11. Replace Ball end to Pull Chain if desired.
12. Power on and ENJOY!!!
